

WESTFALIA RECORD?

November 10, 1989, I established the official speed record for VW campers at 87.533mph at the Bonneville Salt Flats. My '69 campmobile has a 1776cc engine equipped with Web Cam, dual Dellorto 40s, header system and Perlux ignition.

*87mph . . . we're impressed Blaine.
But for the record books, was that with
the top down, or up? ●*
